HIRE —————
— BROCHURE

DRY HIRE

The prices in this brochure are for dry hire only, this includes delivery and set up of props ready for yourself or your florist to decorate. Linen and table decor are also available for dry hire and will be dropped at your venue ready for the venue staff to style. Items can either be dropped off on the morning of your event or the evening before (subject to availability).

Linen and table decor is also available for collection from my home address (BA3), perfect if we don't cover your venue location.

Collection of items will be arranged for either the evening of your event or the following morning. The prices in this brochure do not include dried flowers, styling, or travel costs. Dried flowers and styling can be arranged at an additional cost.

There is a minimum hire fee of £250. This before any travel costs, styling or flowers are added.
